

# Donation Tiers 2025

The Open Home Foundation relies on the sustained financial support of organizations that believe in our mission to fight for the fundamental principles of privacy, choice, and sustainability for smart homes. And for every person who lives in one.

To secure the funding required to support the development of open source projects, and open connectivity and communication standards – the work that underpins our foundation – we’re introducing our Donation Tiers 2025. The Gold, Silver, and Bronze tiers provide a transparent framework for companies that like what we do, and want to invest in our vision of the Open Home – where privacy, choice and sustainability are guaranteed for all.

| Tier   | Minimum donation amount (CHF) | Recognition*                                                                                                                                                                                                                                                                                                              |
